- VI. General Business
 - A. *Approve Health Assistant Position
Due to the COVID-19 situation, increased health demands and sensitivity, there is a need to have a Health Assistant. This would allow each building to have either a nurse or a health assistant to meet the COVID-19 related situations. The investment would be similar to a para position. The job description is included in the packet.
Recommend approving a Health Assistant Position for 27.5 hours.
 - B. *Approve Return To Learn Plan
Each month we will look at the data and trends to decide ways the Return To Learn Plan can be improved. Possible improvements would be to have two people per seat on the bus. This would allow for 49/50 students per bus. In the plan it says buses can be filled to capacity. This would allow for a little more space between students. There may be some medical related changes to match Iowa Public Health recommendations. I am talking to our nurses on any updates. Dismissal time will be at 1:45-MS/HS; 2:00 Elementary to allow communication between teachers and online students and parents.
